SUMMARY

Experienced freelance technology consultant currently pursuing a master's in mathematics to explore science and quantitative research. Seeking a management consulting role in Washington D.C.

EXPERIENCE

Operations Intern
The Launch Company **May 2021 - Present, Anchorage, AK**

- Support the Director of Operations with startup strategy & operations.
- Analyze and test custom hardware fittings for environmental effects under the Lead Hardware Engineer.
- Support mechanical engineering design and lead interaction design for various computer systems.

Graduate Teaching Assistant
UAF College of Natural Science & Mathematics **August 2020 - May 2021, Fairbanks, AK**

- Led two recitation sections for Calculus II (MATH 252L) for 50+ students.
- Assisted students of all levels at the Math & Stat Tutoring Lab, 2 days a week.
- Graded weekly written homework for all synchronous sections of Calc II; previously a recitation TA/grader for Calculus in the Fall of 2020.

Full Stack Designer
Freelance Management Consulting **January 2018 - July 2020, Los Angeles, CA**

- Acquired 13+ clients and collaborated with 1-5 member teams to propose/design/develop/deploy full-stack technological solutions.
- Maintained 20+ websites for Columbia University, and many more for other clients.
- Supervised two summer interns, in collaboration with another consultant, on a $7k project.

Co-Founder & Electrical Engineer
ARKS **April 2018 - March 2020, Ontario, CA**

- Raised over $20k in grant funding from entrepreneurial programs including the National Science Foundation I-Corps, Blackstone Launchpad, YC Startup School, ExCITE Riverside, and the inaugural cohort of the Interphase Incubator.
- Built an Autonomous Mobile Robot prototype to improve warehouse picker productivity 2-3x by eliminating the long walk.

PROJECTS

Research and Community Outreach
Independent • August 2018 - Present

- Presented or published, e.g. in Eur. J. Comb, original research receiving 25+ citations and 900+ reads on ResearchGate.
- Fundraised $500+ from 17 people for the HackSR 2021 Alumni Award, established criteria, & led a jury to grant cash prizes to 3 winners.

EDUCATION

Master of Science in Mathematics
University of Alaska Fairbanks • Fairbanks, AK • May 2022

Bachelor of Arts in Computer Science and Mathematics (Honors Thesis)
Bard College at Simon's Rock • Great Barrington, MA • 2017

INVOLVEMENT

Elected Rules Committee Chair and Member of the Trust Fund Board of Directors
University of Alaska Fairbanks • Associated Students of the UAF • September 2020 - Present

- Elected ASUAF senator, seat H, to operate a $140k+ annual budget as a member and chair of the Rules and Finance Committees.
- Draft memorandum to disburse $100k from the $250k+ ASUAF Trust Fund Board account to renovate the campus bowling alley.
